

## **TABLE OF CONTENTS**

Biological Sampling: an overview .....	1
Tables 1a-g. Sampling Priority Tables by Fishery	
Gillnet and Beach Seine Fisheries, Table 1a.....	4
Otter Trawl Fisheries, Table 1b.....	8
Shrimp Trawl Fishery, Table 1c.....	14
Scallop Fisheries, Table 1d.....	17
Lobster and Crab Pot Fisheries, Table 1e.....	19
Bottom Longline Fisheries, Table 1f.....	20
Purse Seine and Pair Trawl Fisheries, Table 1g.....	22
Table 2. Fish and Shellfish Sampling Requirements By Species .....	28
Length Measurement Illustrations .....	30
Age Structure Sample Collection	
Otoliths .....	32
Scales .....	34
Table 3. Pelagic Fish Sampling Requirements by Species .....	36
Pelagic Fish Length Measurement and Age Sample Parts Illustrations .....	38
Fish Tagging .....	39
Sex Determination	
Yellowtail Flounder & Redfish .....	40
Sharks & Tunas .....	41

Swordfish .....	42
American Lobster .....	44
Crabs .....	45
<b>Table 4. Marine Mammal Sampling Requirements by Species .....</b>	<b>46</b>
Marine Mammal Sampling Protocols .....	47
Sex Determination .....	48
Internal Organs .....	49
<b>Sea Turtle and Sea Bird Sampling Protocols .....</b>	<b>50</b>
<b>Selected Species Identification</b>	
American Shad vs. Hickory Shad .....	52
Blueback Herring vs. Alewife .....	53
Little Skate vs. Winter Skate .....	54
Loligo Squid vs. Illex Squid .....	55
Atlantic Sturgeon vs. Shortnose Sturgeon .....	56
Small Tunas: Little Tunny vs. Atlantic Bonito vs. Skipjack Tuna .....	57
<b>Catch Estimation Guidelines .....</b>	<b>58</b>
<b>Subsampling and Random Sampling Guidelines .....</b>	<b>60</b>
